Child Sexual Abuse Annual Report 2015-16

Five years ago when Sahyog embarked on its journey to respond to the issue of Child Sexual Abuse, there was apprehension and uncertainty. It was a path less travelled, and consequently a more challenging route. It was a world defined by the language of silence, a silence which speaks and a silence, to which, we at Sahyog try to give it a voice. Being a spectator to the intimate narrative of betrayal of love and trust of children was emotionally painful. This journey has been as much about learning, enlightenment, emancipation and joy as it has about the pain. The joy and satisfaction sustains us through this rough terrain, reinstates our faith in the change that we observe in our Beneficiaries, their strength, appreciation and support of our work.

Sahyog's story of growth is as much a story of the organization scale of work as well as growth in each of its clients as well as its team. Sahyog care for you, ready to help those children find a way to overcome the darkness and realize that they are loved far more than they ever could imagine. This Report, will present the growth of individuals and their journey from being victims to survivors, from vulnerable children to empowered beings participating in their own safety net. Integral to this journey is the growth of Sahyog's practitioners' who evolve to become more empathetic and compassionate in their approach through their experience and interaction with beneficiaries and their lived realities.

SESSIONS WITH COMMUNITY AND OUTREACH EVENTS

Sahyog planned to implementation of the Personal Safety Education program in the rural outskirts of Delhi and piloted the Personal Safety Education module for Grade 7-8 along with the ongoing school based program.

Sahyog performed a street play on the issue of Child Sexual Abuse at Raahgiri, which evoked a marvelous response from the common man on the street.

PERSONAL COUNSLING SESSIONS

WITH CHILDREN

WITH TEACHERS

WITH PARENTS

SAHYOG IN RESCUE MODE

During these Sessions & events we came across many children undergoing the traumatic situations. Few of the parents were not aware about their children's suffering, and those who were knew of it, were in a dilemma that how to deal with it.

With personal counseling of those children, now they are able to lead happy life. The spark in their innocence eyes and glam of happiness on their faces towards their life gave ecstasy of contentment to us.

After individual counseling sessions with parents and their children, which worked as a bridge, now they were living their life fullest.

After these sessions few of the teachers come forward with these cases, after breaking many barriers & were sorted out. Sahyog wants to SALUATE these teachers for their remarkable performance.

In spite of this Sahyog did rescue operations also and saved girls from the sexual abuse.

**“DOING THINGS DIFFERENTLY LEADS TO SOMETHINGS
EXCEPTIONAL”**

Sahyog did not stop here.

Sahyog has embarked on the path of addressing the issue of CSA by starting its PAN INDIA PROJECT by the partnership with NGO'S to give a secured and protected CHILDHOOD to our children.

Sahyog subtly and sensitively is treading and making a niche' for itself in the field of Child sexual abuse through its various endeavors, one of which was organizing an interaction meet with almost 30 likeminded and equally passionate organizations in India under PAN India initiative. This was held on 20th and 21st of Feb 2016.

The organizations participating in this meet appreciated Sahyog's efforts and were in synergy with its approach on the issue of CSA. The participants were keen to partner and work in coordination with Sahyog on CSA

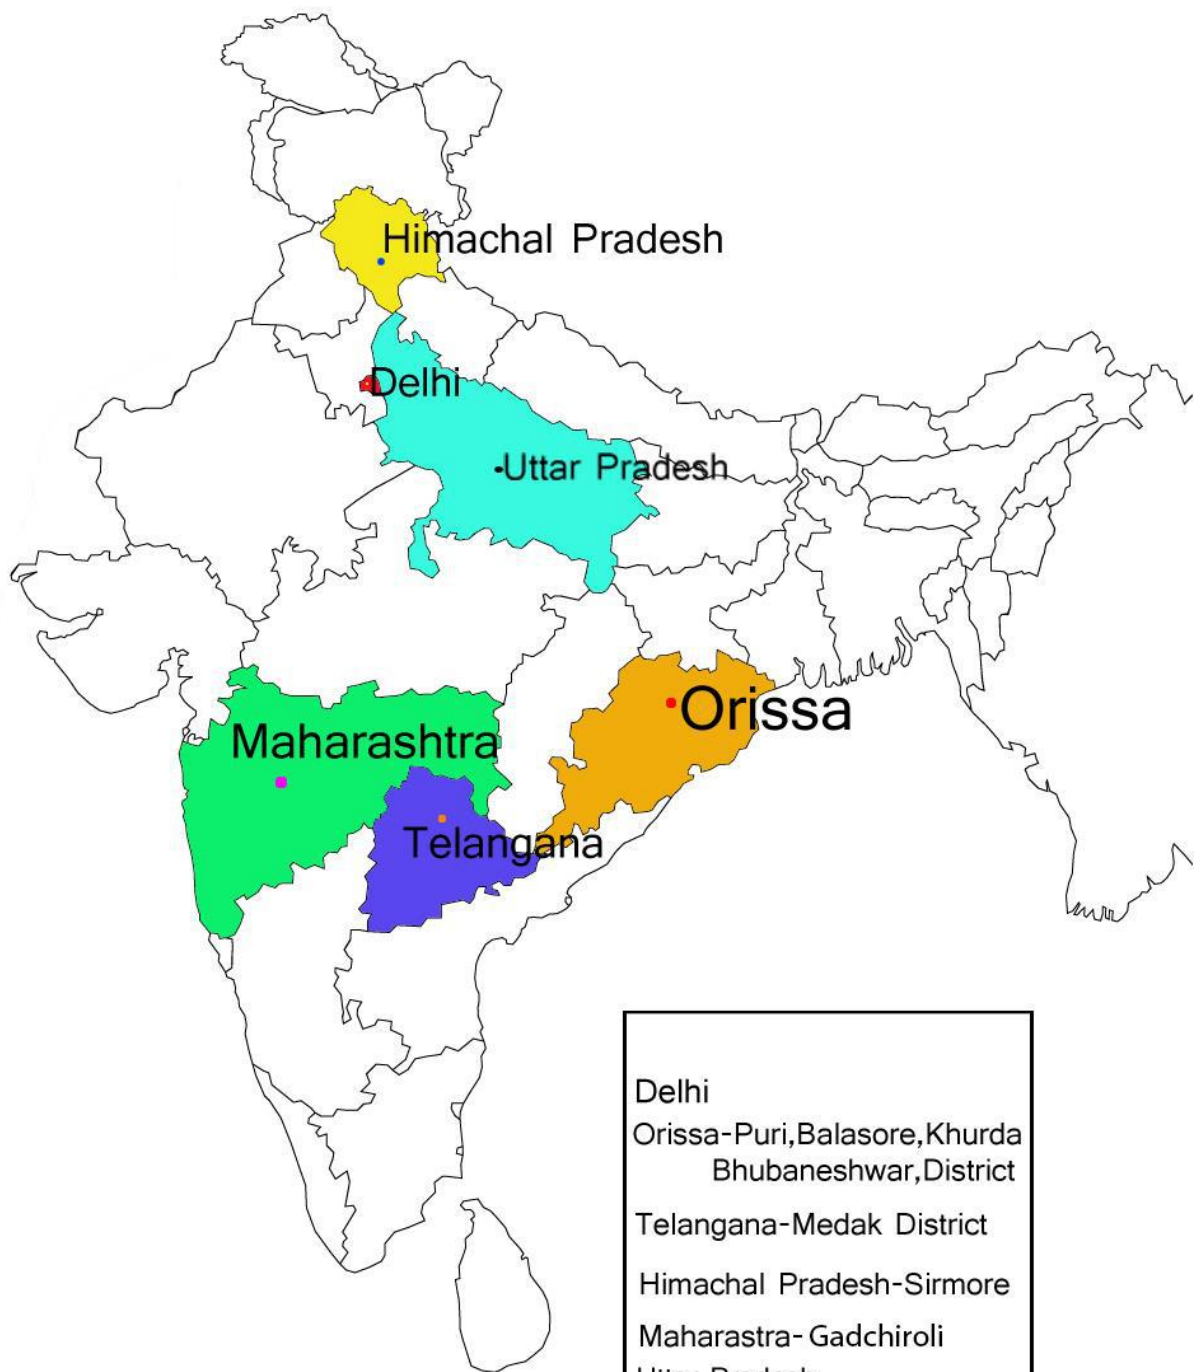

Sahyog envisages partnering with them on the issue of CSA and simultaneously enriching itself by exchange of views and ideas to mitigate the problem of CSA in our country.

CHALLENGES ENCOUNTERED DURING THE YEAR

Sahyog has been make significant impact in the lives of its beneficiaries and has over achieved compared to its project targets. This year also brought with it multiple challenges and provided many new learning opportunities. The difficult challenges were:

- It is difficult to enroll the private schools on child sexual issues as child sexual abuse is still a complex and silent phenomenon although most do not realize it; child sexual abuse is one of the most significant risks facing children today. One in 10 children will be a victim of sexual abuse, and the consequences of this abuse can be devastating. They don't want to start dialogues on the issue as the issue is prohibited between children and the reputation of school matters.
- As being very proscribed issue it is difficult to involving all the stakeholders like parents, teachers and staffs within the school environment continues to be a challenge, Parents and teachers are often reluctance to commit time and energy for counseling sessions. Involving parents in counseling sessions for children is also challenging as parents are not motivated or willing to attend sessions.
- Child Sexual Abuse is still a complex and silent phenomenon. The denial and stigma around the issue cuts across all sectors and very few organizations for responding to child sexual abuse through sustained training capacity building. Some organizations and schools, even after undergoing the training are unable to implement what they learn.
- There is lesser recognition for the existence of the issue of child sexual abuse as a prevalent social issue in India due to the social and cultural taboo around the same. This acts as a barrier for us to reach out to children and other stakeholders.
- The infrastructure of certain schools is not conducive for holding counseling sessions. Many times there are no room and hall available for conducting sessions and they have to be conducted outside the hall and classrooms. This creates distraction and disrupts the counseling sessions.

नेशनल दुनिया

नई दिल्ली। चाइल्ड सेक्सुअल एब्यूज पूरे समाज की खुरी तरह से झकझोर रहा है। हर तरफ इससे पीड़ित बच्चों की शारीरिक और न्यायवादीक तौर पर प्रताड़ना होलनी पाइ रही है। बच्चों को इस समस्या से बचाने के लिए हम सबको सचेत होनी जरूरत है। ऐसा कहना है सहयोग केयर फॉर यू के प्रबंधक शेखर महाजन का। गौरतलब है कि सहयोग केयर फॉर यू ने चाइल्ड सेक्सुअल एब्यूज पर दो दिवसीय सेमिनार का आयोजन पश्चिम विहार स्थित अपने कॉर्पोरेट सेंटर पर किया। इस सेमिनार में चाइल्ड सेक्सुअल एब्यूज के विषय पर कार्य करने के लिए आगे बढ़ने की बात की गई ताकि आगामी पीढ़ी को इन समस्याओं से निजात मिले। इस मौके पर क्लाराओं ने इसका निदान के तरीके और केयर स्टडीज के जरिए यह बताने की कोशिश की कि यह समस्या कितनी घिनवत होती जा रही है। चाइल्ड एब्यूज सिर्फ किसी देश या समाज

विशेष का मुद्दा नहीं है बल्कि यह एक वैश्विक समस्या है। यह बात सहयोग केयर फॉर यू के फाउंडर शेखर महाजन ने कही। बच्चे देश का भविष्य हैं और इनका बचापन मजबूत रहे यह हमारी जिम्मेदारी है।
