## Charter Helicopter

### Emergency Evacuation Services

Untoward events are inevitable and often times we have seen airborne passengers facing freak accidents which leads them desolated in absolute crisis. Hence, the need for a robust emergency evacuation service by air cannot be overstressed. Aikyam Aviation has identified the challenges of medical evacuation as well as an evacuation needed in times of natural calamities. Therefore, Aikyam Aviation with its state-of-the-art helicopter assistance, ensures swift and efficient emergency evacuation. Our helicopter evacuation service is a beacon of hope during critical situations, providing a lifeline for individuals who are stuck in extraordinary situations avalanche, earthquake and floods.

Our helicopters, equipped with cutting-edge medical facilities, enable the seamless transfer of patients to medical facilities with highest level of care. Manned by highly skilled and experienced medical professionals, these airborne ambulances are equipped with advanced life support systems, ensuring the well-being of patients throughout the evacuation process.

Aikyam Aviation's emergency evacuation service extends beyond geographical constraints, reaching remote or challenging terrains where traditional transportation may be limited. Whether responding to medical emergencies, natural disasters, or remote rescue operations, our helicopter service is a beacon of reliability and efficiency.
