To,

The Secretary

Sahayog Care for You

Miss Bindhushree 11 years old girl registered with our hospital with **MRN. 194265** is diagnosed to have **T Acute Lymphoblastic Leukaemia intermediate risk** in June 2025. She is planned to receive **BFM 2002 ALL Protocol** consisting of intensive chemotherapy over 24 months.

The estimated cost for the entire treatment is Rs. 8,00,000 (Rupees Eight Lakh Only). The parents are from poor socio- economic condition and require financial assistance for the treatment. Kindly do the needful.

Anand K.C.

Dr Anand K.C., MD, DM (Ped Onco)
